

Divider Screens

Assistance for Social Distancing
& Medical Areas

All divider models come in standard white easy clean finish with T stand base. Individual screens are 850mm x 2050mm (ask about custom sizing)

Easy-clean Infection Control Seating

Model Types:

1. Standard Workplace Screen

Easy Clean smooth finish makes this screen perfect for indoor office spaces. Use antibacterial wipes to keep it clean without damaging the screen. Enhance social distancing particularly where desks are close to minimise contact and spread of viruses.

2. White Board Finish

White Board Finishes are easy clean and perfect for creating structure in your workspace. Not only does this screen enhance social distancing abilities but it also provides a means for maintaining processes and maximising work efficiency.

3. Fully Sealed for Medical Purposes

The fully sealed divider has antimicrobial properties, an easy clean safe surface and fully sealed edges. This option is perfect for creating isolated spaces anywhere and is easily cleanable with antibacterial wipes.
